

MITEX® GENERAL Xtreme

Mitex General Extreme Two Way Radio Information Sheet

A compact & powerful, IP66 heavy duty professional 5 Watt hand held radio (Walkie Talkie) suitable for most business, lifestyle and leisure applications.

Mitex General Xtreme units are IP66 rated, are extremely durable and are manufactured to the highest standards possible. They give clear and reliable communication, even in the harshest of environments. Mitex supply ready to use 'straight from the box' two-way radio communications that simplify the solution to your communications requirements. Mitex Radios offer a quick and easy way to create communications in most applications and are programmed back to back for quick and easy use.

The standard General Xtreme will talk to General, Pro and Mobi straight from the box as well as all UHF Mitex full power units on Channel 13, 14 & 15. We believe we are the future for most Business, Security, Site, Country and Sport Comms applications, we hope you agree.

Mitex Accessories

Mitex also supply a comprehensive range of quality accessories for all Mitex radios.

The Mitex General Xtreme Twin Pack
