# DS-1105KI
Network Keyboard

DS-1105KI is a new generation network keyboard independently developed by Hikvision. It features in a 7-inch LCD touch screen and a 4-axis joystick. It supports network access to DVRs, DVSs, NVRs, network cameras, network domes, multi-functional video centers (MVCs), decoders, iSecure, and HikCentral and supports analog matrix and analog dome access, with powerful functions and quick and simple operations. It can be widely used in finance, telecommunication, transportation, electric power, education, water conservancy, and other fields.

- 7-inch LCD touch screen with 1024 × 600 resolution
- Optical axis mechanical buttons
- Displays the output of multi-functional video centers (MVCs) and decoders on video wall
- Supports video wall division by areas
- Supports PTZ control, settings and calling of presets and patrols
- Supports the preview of 4-ch network cameras with a resolution of 1080p or lower on the touch screen
- Supports remote video playback via the keyboard or video wall
- Supports playing the video playback fast and slow, pausing and stopping the video playback
- Supports capturing the pictures and saving the videos to the USB flash drive or FTP server connected to the keyboard
- Allows 32 users (1 administrator and 31 operators) to manage a maximum of 4000 devices
- Supports network access to DVRs, DVSs, NVRs, decoders, multi-functional video centers (MVCs), network cameras, network domes, iSecure and HikCentral
- Supports remote control of DVR operation panels to achieve preview, recording, PTZ control, and other operations
- Accessible to DVRs, NVRs, and analog domes via serial ports
- Controls analog domes via RS-485 serial port

▪ Specification

Model		DS-1105KI
Device Parameter	Display	7 inch LCD
	Control Method	Network method, serial control
	Power Supply	12 VDC
	Consumption	≤ 15 W
	Dimension	435 mm × 193 mm × 110 mm (17.13 inch × 7.60 inch × 4.33 inch) (L × W × H)
	Weight	2 kg (4.41 lb.)
	Compatible System	Linux system
Decoding Parameter	Performance	4 × 1080p
Environmental Parameter	Working Temperature	-10 °C to 55 °C (14°F to 131°F)
	Working Humidity	10% to 90%
External Interface	Network	RJ45 100 M/1000 M self-adaptive Ethernet interface × 1
	Wi-Fi	Not supported
	Serial Port	RS-232, RS-485
	Two-Way Audio Input	One-way MIC IN, supporting 48 VDC phantom power supply
	Two-Way Audio Output	3.5 mm stereo (linear level, impedance 600 Ω) × 1
	Joystick	4-axis single button joystick
	USB Interface	USB 2.0 × 1
	Video Interface	HDMI × 1, VGA × 1
