

Cage Nut Insertion Tool, M5 / M6

Product No.	26.99.0317
Manufacturer	VALUE
Manufacturer No.	26.99.0317
EAN (single piece)	7630049613201

Tool for cage nuts, suitable for M5 and M6 - for fast and easy working in the server cabinet!

- Indispensable tool for technicians/engineers wanting to insert or extract cage nuts
- Avoids cut fingers with sharp tools and screwdrivers
- Suitable for hole variants of the M5 /M6 cage nuts
- Easy insertion of the cage nut by placing it into the jaws of the tool, which then squeezes the sides of the cage nut to allow the legs to be easily inserted into the hole
- Easy and reliable assembly
- Reduces a possible damage to panel
- Reduces risk of injury
